Education

2016 - 2019

Academy of Art University

San Francisco, CA
Bachelor of Arts:
Web Design & New Media

Overview

I'm a user experience designer and artist with a goal to make complex interactions simple, and delightful.

Experience

January 2020 - January 2022

Designer, Stanford PACS Effective Philanthropy Learning Initiative

At Stanford I have been responsible for a website redesign, designing the online courses utilizing an online learning management system, as well as, developing, and art directing a video animation project.

June 2019 - January 2020

Freelance Designer, Ecosystem Restoration Camp Coyote

As a Freelance Designer with Ecosystem Restoration Camp Coyote, I was responsible for the development and design of the company's online presence and content management system.

June 2019 - January 2020

Freelance Designer, UK Rayvolt E-bikes

As a Freelance Designer for UK Rayvolt E-Bikes, I was responsible for the redesign of the company's online presence and content management system.

Fall 2018

UX/UI Design Consultant, NextPlay

As a Product Design consultant for NextPlay, I was responsible for facilitating and curating user and market research to design a seamless user experience for their clients.
